

## Education Rules and Guidelines

---

We thrive to providing our community members with the quality services and programs. In order to achieve these goals, we are asking the parents and their children to abide with the following rules and guidelines.

1. We expect parents to bring the students 15 minutes before the start time of classes.
2. Only enrolled students are allowed to stay during the school time period.
3. Notify the school if the student will be missing the classes or withdrawing from the school.
4. Each parent must bring student **inside** the Masjid for check-in and check-out purposes.
5. We expect children to come with proper dress code which should abide with Islamic faith and manners.
6. In order to minimize distractions during the classes, no electronic games or devices will be allowed during the classes.
7. Since the children need rest at home when they are sick, do not bring your child if he/she is sick on that day.
8. Each child must bring with him/her the assigned text books, notebook, proper supplies and stationary as requested by the teacher or school admin.
9. We encourage parents to come 15 minutes before the end time of classes and to pray with the children if it is a Salat time.

The undersigned certifies that he/she has read the foregoing and is familiar with its contents.
